

The screenshot shows a software window titled "Cooper Green HOOTEN,SARA". The menu bar includes "User", "Patient", "Refresh Data", "Tools", "Help", "Edit eSig", "Clear", "Clear and Lock", "Dosing Calculator", and "External Web Links". Below the menu bar are tabs for "PRIVACY", "NOTIFICATIONS", "PATIENT CHART", and "RESOURCES". The "NOTIFICATIONS" tab is active, showing a table with columns for "Patient", "Location", and "Notification". A red box highlights the "Edit eSig" menu item, with an arrow pointing to a blue instruction box. The instruction box contains the following steps:

1. Click on the Edit eSig
2. Enter in new signature code
(At least 6 character)
3. Re-enter the code you just typed in

Below the instruction box is a dialog box titled "Enter an Electronic Signature". It contains two input fields: "Enter your new electronic signature:" and "Re-enter your new electronic signature:". The first field has an "OK" button to its right, and the second field has a "Cancel" button to its right.
