

## How To Import A CCDA

**Make sure you have the appropriate keys: MAGCAP XMLDOC**

**Make sure you have added the Attach Images to the Tools tab in Carevue.**

- 1) Save the CCDA to a drive you can navigate to with CareVue (just as you would with an image you were going to attach)
- 2) In CareVue, select the appropriate patient
- 3) Choose **Tools**→**Attach Image**
- 4) Choose the **Structured Document** tab

- 5) Navigate to the file you saved in step 1.
- 6) Click it and preview it to confirm this is the correct patient (match Name, Sex, DOB and any other identifiers).
